 Subject: Pavillion: Revised Pool of Candidate Reviewers

Dear Leigh,

ERG is notifying you that we are removing one candidate from the Pool of Candidates we submitted to you in June. Due to conflict-of-interest issues, we are removing (b)(6) privacy and replacing (b)(6) privacy CV attached). Also attached is an updated summary of qualifications for the revised pool (includes (b)(6) privacy

ERG feels that the experts in the pool represent strong expertise across all of the areas required in the selection criteria, and at least one third of the candidates have many years of experience in hydrogeology and ground water studies.

Please let me know if EPA concurs that the pool meets the selection criteria and we will proceed to the next step of contacting the final candidates to review and discuss their expertise and COI status before

making our final selection of peer reviewers.

I am on vacation this week, but Laurie Waite and the selection committee will move forward once we hear from you.

Thank you,

Kate Schalk
